

13:15	14:20		KEYNOTE - Functional extremity reconstruction – just a term or reconstruction 2.0	Hirche Christoph	07:30	08:30	Instructional Course: Orthoplastic surgery Moderator: Scott Levine	
	16:00	8	Track: Lower Limb 5 General Lower Limb Recon 5 Moderators: Pignatti Marco - Lykoudis Efstathios				Functional reconstruction of the Achilles tendon	Innocenti Marco
14:00	14:28	8	New trends and challenges in lower extremity reconstruction with perforator flaps	Scaglioni Mario			Orthoplastic approach to the diabetic foot	Hong JP
14:20	14:32	4	The use of vascularized fibula flap with allograft in post-oncologic microsurgical bone reconstruction of lower limbs in pediatric patients	Tamburello Sara			The orthoplastic surgery of mangled hands after gunshot and blast injuries	Aristov Andrey
14:20	14:40	8	Lower limb coverage - our strategy	Bemens Inga			Orthoplastic Approach to Reconstruction in Children	Chris Pederson
14:28	14:44	4	Flap combined with 3D printed microporous titanium prosthesis for the treatment of large area bone defect and soft tissue defect of limbs	Xu Yongqing	11:00	11:20	KEYNOTE - Orthoplastic surgical approach to limb salvage Scott Levine	
14:32	14:50	6	Microsurgery as part of the multidisciplinary treatment of osteomyelitis	Pignatti Marco	11:20	13:00	Track: Lower Limb Orthoplastic Moderators: Ayhan Sühan - Pederson Chris	
14:40	14:58	8	Propeller flaps in lower limbs : where we are now	Teo TC	11:20	11:28	Orthoplastic Approach to Extremity Reconstruction: A New Paradigm in Limb Salvage	Cheng-Hung Lin
14:44	15:04	6	The South Wales approach for soft tissue reconstruction around the ankle	Emam Ahmed	11:28	11:36	Orthoplastics in extremes of Age (paediatric. / elderly)	Emam Ahmed
14:50	15:14	10	Discussion		11:36	11:44	Orthopedic complications and complicated trauma of the lower extremity - how to make it WOW	Mankowski Bartosz
14:58	15:20	6	The South Wales approach for soft tissue reconstruction around the ankle	Emam Ahmed	11:44	11:52	Orthoplastic management of open lower limb fractures: monotraumatic vs polytraumatic patients	Marchesi Andrea
15:04	15:28	8	Rescue of lower extremity amputation stumps with free flaps. Our experience.	Monge Castresana Ivan	11:52	12:00	Analysis of outcomes after 5 years of orthoplastic protocol application	Felici Nicola
15:14	15:32	4	Our Experiences In Reconstructive Microsurgery During The 2023 Maraş Earthquake	Burak Özkan, Zeynalov Khalid	12:00	12:10	Discussion	
15:20	15:40	8	Different Approaches for Achieving Optimal Contour in Limb Reconstructions	Franchi Alberto	12:10	12:18	Microvascular Plantar Surface Soft Tissue Foot Reconstruction: Muscle vs Fasciocutaneous Flaps	Chiu Ernest
15:28	15:44	4	Effect of Leg Dominance in Patients on Perforator-Based Flaps Elevated from the Lower Extremities	Yalcin Yigit	12:18	12:24	Thinned PAP (profunda artery perforator) flap for heel reconstruction utilising 3D imaging printing for pre-operative planning	Papaioannou Loukia-Maria
15:32	15:48	4	Lower Limb Salvage and Microsurgery: A Five-Year Retrospective Analysis from a Northern Italy Trauma Center	Passiatore Marco	12:24	12:32	Outcomes and reliability of propeller flaps in the reconstruction of low energy distal tibia fractures with exposed hardware	Karagergou Eleni
15:40	16:00	12	Discussion		12:32	12:38	One stage treatment of tibial osteomyelitis with local antibiotics combined with microsurgical repair.	Zheng Yun/ Tian Lin
17:20	17:40		KEYNOTE - Challenges of limb sarcoma reconstruction in children	Diogo Carla	12:38	12:46	Extramammary Applications of Deep Inferior Epigastric Artery Perforator Flap in limbs	Ayhan Sühan
			Track: children sarcoma Moderators: Christoph Hirche - Krakowczyk Lukasz		12:46	13:00	Discussion	
17:40	17:48	8	Sarcoma reconstruction in children	Krakowczyk Lukasz				
17:48	17:54	6	Reconstructive Limb Microsurgery in Children	Santecchia Luigino	14:00	14:20	Perforator to perforator concept in salvaging the ischemic lower extremity	Hong JP
17:54	18:00	6	Total hip reconstruction after sarcoma resection in children with a free vascularized fibula without osteotomy of the bone flap.	Lovic Jazbec Aleksandar	14:20	16:00	Track: Lower Limb Vasculopathic problems in lower limbs - vasculoplastic approach Moderators: Jiga Lucian - Hsu Honda	
18:00	18:08	8	Lower Limb Reconstruction in the Paediatric Population: ALT vs Scapular flap	Colavitti Giulia, Rice Michael	14:20	14:28	vasculoplastic approach to avoid major amputation in the critically ischemic lower extremity	Jiga Lucian
18:08	18:16	8	Replantation in children: indications and expectations	Ignatiadis Ioannis	14:28	14:34	Super-thin ALT flap for lower extremity reconstruction	Suh Youngchul
18:16	18:30	14	Discussion		14:34	14:42	Local perforator flaps in the reconstruction of the diabetic lower leg	Georgescu Alexandru
					14:42	14:50	preserving of amputation stumps with free flap transfers' if its possible	özkan Burak
					14:50	15:04	Discussion	
					15:04	15:10	Antibiotic bone cement-based combination of free vastus lateralis muscle flap and split-thickness skin grafts: A reliable strategy to reconstruct non-weight-bearing area diabetic foot ulcers.	Chang Shusen
					15:10	15:18	Long Term Follow up of Limb Salvage in the Diabetic Patient with End Stage Renal Disease using Endovascular Revascularization and Free Flap Reconstruction	Hsu Honda
					15:18	15:26	How to choose lower extremity flaps in atherosclerotic patients	Tonaree Warangkana
					15:26	15:34	Complications and revisional surgery in failed flap reconstruction of lower limb defects	Ignatiadis Ioannis
					15:34	15:42	Microsurgical extremity reconstruction in the vascular compromised extremity	Hirche Christoph
					15:42	16:00	Discussion	

16:00	16:30	Break	
16:30	16:50		KEYNOTE - Subunit Principle of Lower Limb Reconstruction Sun Jeremy
16:50	17:50		Track: Lower Limb 5 General Lower Limb Recon 5 Moderators: Monge Ivan - Özkan Burak
16:50	16:56	6	Critical analysis of the choice of recipient vessels in lower limbs reconstruction with free flaps Ornelli Matteo
16:56	17:04		Reconstruction of lower limb in the context of abnormal vascular anatomy Bowerman Frances
17:04	17:10	6	Flap revision surgery for contour and function in lower limb reconstruction Mastroiacovo Alessandro
17:10	17:18		Vascularized major tendon reconstructions in upper and lower extremities Erçöçen Ali Rıza
17:18	17:24	6	Free transplantation of latissimus dorsi myocutaneous flap in emergency reconstruction of severely damaged knee joint Chang Shusen
17:24	17:30	6	Perforator Detection by Thermographic Imaging Augmented With Tourniquet-Reperfusion Pan Jiadong
17:30	17:36	6	Combination of microsurgical technique, illizarov and Masquelet technique for salvage of mangled foot and ankle Zhou Zhegang
17:36	17:50		Discussion
